16000000017	Document Phase Final	Document Description Gasoline & Diesel Fuel < 1,000 Gallons State Contract T104U	Page 6 of 10
-------------	-------------------------	--	-----------------

Ordering Process:

Purchases for State Agencies will be made by Direct Orders showing specific shipping information. Cities, Counties, School Systems and other political subdivisions will be responsible for issuing their own Direct Orders directly to the vendor.

***** **Important Agency Instructions** *****

Agencies should set up one DO per FY with a valid period from DO date thru end of current FY. Each DO should have the fuel line(s), and at least 1 "fuel report" line and at least 1 "tax" line.

Agencies are to fax orders to the vendor and reference the DO number. Orders should not be placed verbally, due to communication errors.

Agencies must be careful of placing an order too large for their tank, as this results in an undue expense for the Vendor. Repeated offenses may result in penalties being added to future contracts to cover this cost.

Agencies must read this contract carefully and be sure to order the fuel from the Contract Vendor who holds the line for the fuel needed.

Agencies who wish to have Specifications, Samples, Protocols, or Analysis Reports from a Contract Vendor must contact State Purchasing to request the information.

Specifications:

Gasoline may contain a maximum of 10% Ethanol.

All gasolines must meet the following minimum Octane Ratings -

Unleaded gas: 87 Octane minimum

Mid-range gas: 89 Octane minimum

Premium gas: 91 Octane minimum

Clear and Dyed (off-road) Diesel:

Unless an agency specifically requests Dyed (off-road) Diesel, Vendors must deliver clear Diesel, charge the appropriate price from the Fuel Report for Clear Diesel, and charge applicable taxes/fees (which the inspection fee is exempt).

If an Agency specifically requests dyed (off-road) Diesel, Vendors must deliver Dyed (off-road) Diesel, charge the appropriate price from the Fuel Report, and charge applicable taxes/fees (which does include an inspection fee).

Fuel report:

Unit prices only include "Margin over OPIS". A fuel report will be prepared by State Purchasing based off the "Rack AVG" pricing for the Montgomery Alabama location from the daily reports (M-F)* that State Purchasing subscribes to from OPIS.

*Excludes State and Federal Holidays.

Awarded vendors must register with State Purchasing to receive this report and must use these figures when invoicing Agencies purchasing fuel from this contract.

Vendors and Agencies purchasing fuel from this contract may email Terri Cole to receive the report: terri.cole@purchasing.alabama.gov

In the event fuel is delivered on a weekend or holiday (day that the fuel report is not done), Vendors may charge the higher of the report from the day before or the day after.

***** **Source of Fuel Report figures** *****

"OPIS Gross Clear" for < 10% ethanol regular, mid-range, and premium gasoline

"OPIS Gross CBOB Ethanol (10%)" for 10% Ethanol regular, mid-range, and premium gasoline

"OPIS Gross Ultra low sulfur distillate prices" for Clear Diesel

"OPIS Gross Ultra Low sulfur red dye distillate prices" for Red-Dyed Diesel

Quantity:

The exact quantity of fuel to be purchased is unknown and the State of Alabama does not guarantee any certain quantity to be purchased.

There will be no minimums for any fuel type for any line.

Deliveries must be < 1,000 gallons per delivery.

Specifications, Samples, Protocols, Analysis Reports:

Vendors may be required to submit Specifications, Samples, Protocols, and Analysis Reports, at no additional cost to the State. Information, if requested, must be supplied within 10 business days.

Requests for Specifications, Samples, Protocols, and/or Analysis Reports may be made at any time prior to Award or during the Contract.

Analysis reports must be performed by an independent laboratory of the State's choosing.

Failure to provide Specifications, Samples, Protocols, or Analysis Reports or to provide this information in a timely manner will result in Bid Rejection or Contract Cancellation.

Bad Fuel:

If substantial proof is received that delivered fuel was not good (i.e. contained materials damaging to fuel tanks) or that the product does not meet specifications, the Vendor will be notified and will have an opportunity to make good on the delivery and any damages that occurred from the bad fuel. Repeated offenses will result in Contract Cancellation and possible Debarment on future bids by a time period determined by the State Purchasing Director.

Pricing:

Purchases from this Contract will be paid at the Contract unit price per gallon + the fuel report price per gallon (based on delivery date) + all applicable taxes/fees, as per federal, state, and local laws.

Delivery time frame:

Fuel must be delivered within 48 hours after order is placed by the Agency. Delivery time frame extensions will be dealt with on a case by case basis, provided the Vendor notifies State Purchasing and/or the Agency, in writing, of the problem and the anticipated delivery date. All late deliveries must be approved, in writing, by State Purchasing and/or the Agency.

Delivery Slip:

Vendors must provide agencies with a Delivery Slip showing the date of delivery, as well as the product and number of gallons delivered.

Invoices must match the bottom line total and not show any charges that are not shown on the contract.

Taxes/Fees:

Awarded Vendors are responsible to notify State Purchasing of all applicable Federal/State/Local taxes/fees that Agencies purchasing from this contract will be responsible to pay, as well as to notify State Purchasing if/when taxes/fees change. Any changes to taxes/fees must be supported by official documentation of reason for change
