T3004020001	Document Phase Final	Document Description TWO-WAY RADIO EQUIPMENT, PARTS, ACCESSORIES, T300	Page 5 of 6
-------------	--------------------------------	---	-----------------------

T 300 Two-Way Radio Equipment, Parts, Accessories

Terms and Conditions

Purpose:

Establish a contract for two-way radios, accessories, repair parts, programming software and related components. This contract will be for all state and local governmental agencies of Alabama (including schools). Purchases by local governmental agencies/schools are optional. Vendors must bid a percentage discount off manufacturer's list price for the brand's full product line, including accessories with the following exceptions:

- *#Test Equipment *#Coax Cable *#Antennas (For Towers) *#Pagers
- *#Cellular Phones *#Radio Towers *#Mobile Data Terminals, Equipment or Software
- *#Repair Parts for Antennas (For Towers) or For Towers
- *#Customer Service Request Professional Service

Base Stations, repeaters and consoles are included in this contract.
This contract is not intended to be used to purchase an entire radio communication system.

Vendor must provide a catalog and price list at no charge to state agencies, upon request. Vendor must also keep the agencies apprised of any changes to the catalog and price list.

Vendor to provide service manuals to ordering agencies as follows:

- One manual per each (8) mobile or portables shipped to agency.
- One manual per each base station shipped to agency.

Vendor should also provide information detailing the type and availability in the maintenance and servicing of the radio equipment.

Assignment of Contract:

To assign, sublet or transfer any contract resulting from this solicitation, the vendor's written request must be approved by the State Purchasing Director.

Delivery:

Items are to be delivered to various locations throughout the 67 counties in Alabama. The exact locations and quantities will be provided by the ordering agency.

Freight:

Bid is F.O.B. Destination. Any freight charges must be included in the bid prices.

Contract Period:

Establish a 12 month contract with an option to extend for a second, third, fourth and fifth 12 month period with the same pricing, terms and conditions. The second, third, fourth, or fifth 12 month period, if agreed by both parties, would begin the day after the first, second, third, or fourth 12 month period expires. Any successive extension must have written approval of both the state and vendor no later than 30 days prior to expiration of the previous 12 month period.

Non-Appropriation of Funds:

Continuation of any agreement between the state and a bidder beyond a fiscal year is contingent upon continued legislation appropriation of funds for the purpose of this bid and any resulting agreement. Non-availability of funds at any time shall cause any agreement to become void and unenforceable and no liquidated damages shall accrue to the state as a result. The state will not incur liability beyond the payment of accrued agreement payment.

Proration:

Any provision of a contract resulting from this bid to the contrary notwithstanding, in the event of failure of the state to make payment hereunder as a result of partial unavailability, at the time such payment is due, of such sufficient revenues of the state to make such payment (proration of appropriated funds for the state having been declared by the governor pursuant to Section 41-4-90 of the code of Alabama 1975), the contractor shall have the option, in addition to the other remedies of the contract, of renegotiating the contract (extending or changing payment terms or amounts) or terminating the contract.

New Equipment:

All equipment must be new, unused, and currently in production. It must be acceptable by the original equipment manufacturer for their maintenance.

Equipment Warranty:

Equipment shall be warranted for a minimum of twelve (12) months. Warranty shall cover all parts, labor and freight cost associated with repairs and/or replacement of defective equipment. Accidents, misuse and negligence are not covered by this warranty. The warranty shall commence on the date the equipment is put into service by the using agency. Vendor will use whatever means required to facilitate this warranty, and will insure total satisfactory performance to the using agency.

T3004020001	Document Phase Final	Document Description TWO-WAY RADIO EQUIPMENT, PARTS, ACCESSORIES, T300	Page 6 of 6
-------------	--------------------------------	---	-----------------------

Price Decreases:

The State Division of Purchasing contract administrator (buyer) shall be notified immediately regarding any manufacturer's price decrease affecting a contract item. Furthermore, the state shall receive the benefit of the decrease as soon as possible in accordance with the written notification from the contract vendor.

Quantity:

The exact quantity of purchases on this inquiry is not known. The State Division of Purchasing does not guarantee that the state will buy any amount. Orders will be placed by departments as needed and will give complete shipping instructions.

Biddable Situation:

Bids may be solicited for any product included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Director as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Promotional offerings consisting of contract items will be considered and are offered at a reduced price for the promotional period. A promotional offering of items not on contract will be considered if the price is equal to or less than the sum of the contract prices. The state will not file for rebates; the vendor must offer and bill at the net discounted price of the applicable offering. Volume discounts will be allowed with the provision that any purchasing entity that purchases the equivalent volume be offered the same rate of discount.

-------------	--------------------------------	---	-------------------------

T 300 Two-Way Radio Equipment, Parts, Accessories

Terms and Conditions

Purpose:

Establish a contract for two-way radios, accessories, repair parts, programming software and related components. This contract will be for all state and local governmental agencies of Alabama (including schools). Purchases by local governmental agencies/schools are optional. Vendors must bid a percentage discount off manufacturer's list price for the brand's full product line, including accessories with the following exceptions:

*#Test Equipment *#Coax Cable *#Antennas (For Towers) *#Pagers
 *#Cellular Phones *#Radio Towers *#Mobile Data Terminals, Equipment or Software
 *#Repair Parts for Antennas (For Towers) or For Towers
 *#Customer Service Request Professional Service

Base Stations, repeaters and consoles are included in this contract.
 This contract is not intended to be used to purchase an entire radio communication system.

Vendor must provide a catalog and price list at no charge to state agencies, upon request. Vendor must also keep the agencies apprised of any changes to the catalog and price list.

Vendor to provide service manuals to ordering agencies as follows:

One manual per each (8) mobile or portables shipped to agency.
 One manual per each base station shipped to agency.

Vendor should also provide information detailing the type and availability in the maintenance and servicing of the radio equipment.

Assignment of Contract:

To assign, sublet or transfer any contract resulting from this solicitation, the vendor's written request must be approved by the State Purchasing Director.

Delivery:

Items are to be delivered to various locations throughout the 67 counties in Alabama. The exact locations and quantities will be provided by the ordering agency.

Freight:

Bid is F.O.B. Destination. Any freight charges must be included in the bid prices.

Contract Period:

Establish a 12 month contract with an option to extend for a second, third, fourth and fifth 12 month period with the same pricing, terms and conditions. The second, third, fourth, or fifth 12 month period, if agreed by both parties, would begin the day after the first, second, third, or fourth 12 month period expires. Any successive extension must have written approval of both the state and vendor no later than 30 days prior to expiration of the previous 12 month period.

Non-Appropriation of Funds:

Continuation of any agreement between the state and a bidder beyond a fiscal year is contingent upon continued legislation appropriation of funds for the purpose of this bid and any resulting agreement. Non-availability of funds at any time shall cause any agreement to become void and unenforceable and no liquidated damages shall accrue to the state as a result. The state will not incur liability beyond the payment of accrued agreement payment.

Proration:

Any provision of a contract resulting from this bid to the contrary notwithstanding, in the event of failure of the state to make payment hereunder as a result of partial unavailability, at the time such payment is due, of such sufficient revenues of the state to make such payment (proration of appropriated funds for the state having been declared by the governor pursuant to Section 41-4-90 of the code of Alabama 1975), the contractor shall have the option, in addition to the other remedies of the contract, of renegotiating the contract (extending or changing payment terms or amounts) or terminating the contract.

New Equipment:

All equipment must be new, unused, and currently in production. It must be acceptable by the original equipment manufacturer for their maintenance.

Equipment Warranty:

Equipment shall be warranted for a minimum of twelve (12) months. Warranty shall cover all parts, labor and freight cost associated with repairs and/or replacement of defective equipment. Accidents, misuse and negligence are not covered by this warranty. The warranty shall commence on the date the equipment is put into service by the using agency. Vendor will use whatever means required to facilitate this warranty, and will insure total satisfactory performance to the using agency.

T3004020002	Document Phase Final	Document Description TWO-WAY RADIO EQUIPMENT, PARTS, ACCESSORIES, T300	Page 16 of 16
-------------	--------------------------------	---	-------------------------

Price Decreases:

The State Division of Purchasing contract administrator (buyer) shall be notified immediately regarding any manufacturer's price decrease affecting a contract item. Furthermore, the state shall receive the benefit of the decrease as soon as possible in accordance with the written notification from the contract vendor.

Quantity:

The exact quantity of purchases on this inquiry is not known. The State Division of Purchasing does not guarantee that the state will buy any amount. Orders will be placed by departments as needed and will give complete shipping instructions.

Biddable Situation:

Bids may be solicited for any product included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Director as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Promotional offerings consisting of contract items will be considered and are offered at a reduced price for the promotional period. A promotional offering of items not on contract will be considered if the price is equal to or less than the sum of the contract prices. The state will not file for rebates; the vendor must offer and bill at the net discounted price of the applicable offering. Volume discounts will be allowed with the provision that any purchasing entity that purchases the equivalent volume be offered the same rate of discount.

The exact quantity of purchases on this inquiry is not known. The State Division of Purchasing does not guarantee that the state will buy any amount. Orders will be placed by departments as needed and will give complete shipping instructions.

Biddable Situation:

Bids may be solicited for any product included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Director as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Promotional offerings consisting of contract items will be considered and are offered at a reduced price for the promotional period. A promotional offering of items not on contract will be considered if the price is equal to or less than the sum of the contract prices. The state will not file for rebates; the vendor must offer and bill at the net discounted price of the applicable offering. Volume discounts will be allowed with the provision that any purchasing entity that purchases the equivalent volume be offered the same rate of discount.

-------------	--------------------------------	---	-------------------------

T 300 Two-Way Radio Equipment, Parts, Accessories

Terms and Conditions

Purpose:

Establish a contract for two-way radios, accessories, repair parts, programming software and related components. This contract will be for all state and local governmental agencies of Alabama (including schools). Purchases by local governmental agencies/schools are optional. Vendors must bid a percentage discount off manufacturer's list price for the brand's full product line, including accessories with the following exceptions:

*#Test Equipment *#Coax Cable *#Antennas (For Towers) *#Pagers
 *#Cellular Phones *#Radio Towers *#Mobile Data Terminals, Equipment or Software
 *#Repair Parts for Antennas (For Towers) or For Towers
 *#Customer Service Request Professional Service

Base Stations, repeaters and consoles are included in this contract.
 This contract is not intended to be used to purchase an entire radio communication system.

Vendor must provide a catalog and price list at no charge to state agencies, upon request. Vendor must also keep the agencies apprised of any changes to the catalog and price list.

Vendor to provide service manuals to ordering agencies as follows:

One manual per each (8) mobile or portables shipped to agency.
 One manual per each base station shipped to agency.

Vendor should also provide information detailing the type and availability in the maintenance and servicing of the radio equipment.

Assignment of Contract:

To assign, sublet or transfer any contract resulting from this solicitation, the vendor's written request must be approved by the State Purchasing Director.

Delivery:

Items are to be delivered to various locations throughout the 67 counties in Alabama. The exact locations and quantities will be provided by the ordering agency.

Freight:

Bid is F.O.B. Destination. Any freight charges must be included in the bid prices.

Contract Period:

Establish a 12 month contract with an option to extend for a second, third, fourth and fifth 12 month period with the same pricing, terms and conditions. The second, third, fourth, or fifth 12 month period, if agreed by both parties, would begin the day after the first, second, third, or fourth 12 month period expires. Any successive extension must have written approval of both the state and vendor no later than 30 days prior to expiration of the previous 12 month period.

Non-Appropriation of Funds:

Continuation of any agreement between the state and a bidder beyond a fiscal year is contingent upon continued legislation appropriation of funds for the purpose of this bid and any resulting agreement. Non-availability of funds at any time shall cause any agreement to become void and unenforceable and no liquidated damages shall accrue to the state as a result. The state will not incur liability beyond the payment of accrued agreement payment.

Proration:

Any provision of a contract resulting from this bid to the contrary notwithstanding, in the event of failure of the state to make payment hereunder as a result of partial unavailability, at the time such payment is due, of such sufficient revenues of the state to make such payment (proration of appropriated funds for the state having been declared by the governor pursuant to Section 41-4-90 of the code of Alabama 1975), the contractor shall have the option, in addition to the other remedies of the contract, of renegotiating the contract (extending or changing payment terms or amounts) or terminating the contract.

New Equipment:

All equipment must be new, unused, and currently in production. It must be acceptable by the original equipment manufacturer for their maintenance.

Equipment Warranty:

Equipment shall be warranted for a minimum of twelve (12) months. Warranty shall cover all parts, labor and freight cost associated with repairs and/or replacement of defective equipment. Accidents, misuse and negligence are not covered by this warranty. The warranty shall commence on the date the equipment is put into service by the using agency. Vendor will use whatever means required to facilitate this warranty, and will insure total satisfactory performance to the using agency.

T3004020004	Document Phase Final	Document Description TWO-WAY RADIO EQUIPMENT, PARTS, ACCESSORIES, T300	Page 15 of 15
-------------	--------------------------------	---	-------------------------

Price Decreases:

The State Division of Purchasing contract administrator (buyer) shall be notified immediately regarding any manufacturer's price decrease affecting a contract item. Furthermore, the state shall receive the benefit of the decrease as soon as possible in accordance with the written notification from the contract vendor.

Quantity:

The exact quantity of purchases on this inquiry is not known. The State Division of Purchasing does not guarantee that the state will buy any amount. Orders will be placed by departments as needed and will give complete shipping instructions.

Biddable Situation:

Bids may be solicited for any product included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Director as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Promotional offerings consisting of contract items will be considered and are offered at a reduced price for the promotional period. A promotional offering of items not on contract will be considered if the price is equal to or less than the sum of the contract prices. The state will not file for rebates; the vendor must offer and bill at the net discounted price of the applicable offering. Volume discounts will be allowed with the provision that any purchasing entity that purchases the equivalent volume be offered the same rate of discount.

-------------	--------------------------------	---	------------------------

T 300 Two-Way Radio Equipment, Parts, Accessories

Terms and Conditions

Purpose:

Establish a contract for two-way radios, accessories, repair parts, programming software and related components. This contract will be for all state and local governmental agencies of Alabama (including schools). Purchases by local governmental agencies/schools are optional. Vendors must bid a percentage discount off manufacturer's list price for the brand's full product line, including accessories with the following exceptions:

*#Test Equipment *#Coax Cable *#Antennas (For Towers) *#Pagers
*#Cellular Phones *#Radio Towers *#Mobile Data Terminals, Equipment or Software
*#Repair Parts for Antennas (For Towers) or For Towers
*#Customer Service Request Professional Service

Base Stations, repeaters and consoles are included in this contract.
This contract is not intended to be used to purchase an entire radio communication system.

Vendor must provide a catalog and price list at no charge to state agencies, upon request. Vendor must also keep the agencies apprised of any changes to the catalog and price list.

Vendor to provide service manuals to ordering agencies as follows:

One manual per each (8) mobile or portables shipped to agency.
One manual per each base station shipped to agency.

Vendor should also provide information detailing the type and availability in the maintenance and servicing of the radio equipment.

Assignment of Contract:

To assign, sublet or transfer any contract resulting from this solicitation, the vendor's written request must be approved by the State Purchasing Director.

Delivery:

Items are to be delivered to various locations throughout the 67 counties in Alabama. The exact locations and quantities will be provided by the ordering agency.

Freight:

Bid is F.O.B. Destination. Any freight charges must be included in the bid prices.

Contract Period:

Establish a 12 month contract with an option to extend for a second, third, fourth and fifth 12 month period with the same pricing, terms and conditions. The second, third, fourth, or fifth 12 month period, if agreed by both parties, would begin the day after the first, second, third, or fourth 12 month period expires. Any successive extension must have written approval of both the state and vendor no later than 30 days prior to expiration of the previous 12 month period.

Non-Appropriation of Funds:

Continuation of any agreement between the state and a bidder beyond a fiscal year is contingent upon continued legislation appropriation of funds for the purpose of this bid and any resulting agreement. Non-availability of funds at any time shall cause any agreement to become void and unenforceable and no liquidated damages shall accrue to the state as a result. The state will not incur liability beyond the payment of accrued agreement payment.

Proration:

Any provision of a contract resulting from this bid to the contrary notwithstanding, in the event of failure of the state to make payment hereunder as a result of partial unavailability, at the time such payment is due, of such sufficient revenues of the state to make such payment (proration of appropriated funds for the state having been declared by the governor pursuant to Section 41-4-90 of the code of Alabama 1975), the contractor shall have the option, in addition to the other remedies of the contract, of renegotiating the contract (extending or changing payment terms or amounts) or terminating the contract.

New Equipment:

All equipment must be new, unused, and currently in production. It must be acceptable by the original equipment manufacturer for their maintenance.

Equipment Warranty:

Equipment shall be warranted for a minimum of twelve (12) months. Warranty shall cover all parts, labor and freight cost associated with repairs and/or replacement of defective equipment. Accidents, misuse and negligence are not covered by this warranty. The warranty shall commence on the date the equipment is put into service by the using agency. Vendor will use whatever means required to facilitate this warranty, and will insure total satisfactory performance to the using agency.

T3004020005	Document Phase Final	Document Description TWO-WAY RADIO EQUIPMENT, PARTS, ACCESSORIES, T300	Page 10 of 10
-------------	--------------------------------	---	-------------------------

Price Decreases:

The State Division of Purchasing contract administrator (buyer) shall be notified immediately regarding any manufacturer's price decrease affecting a contract item. Furthermore, the state shall receive the benefit of the decrease as soon as possible in accordance with the written notification from the contract vendor.

Quantity:

The exact quantity of purchases on this inquiry is not known. The State Division of Purchasing does not guarantee that the state will buy any amount. Orders will be placed by departments as needed and will give complete shipping instructions.

Biddable Situation:

Bids may be solicited for any product included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Director as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Promotional offerings consisting of contract items will be considered and are offered at a reduced price for the promotional period. A promotional offering of items not on contract will be considered if the price is equal to or less than the sum of the contract prices. The state will not file for rebates; the vendor must offer and bill at the net discounted price of the applicable offering. Volume discounts will be allowed with the provision that any purchasing entity that purchases the equivalent volume be offered the same rate of discount.

T 300 Two-Way Radio Equipment, Parts, Accessories

Terms and Conditions

Purpose:

Establish a contract for two-way radios, accessories, repair parts, programming software and related components. This contract will be for all state and local governmental agencies of Alabama (including schools). Purchases by local governmental agencies/schools are optional. Vendors must bid a percentage discount off manufacturer's list price for the brand's full product line, including accessories with the following exceptions:

- *#Test Equipment *#Coax Cable *#Antennas (For Towers) *#Pagers
- *#Cellular Phones *#Radio Towers *#Mobile Data Terminals, Equipment or Software
- *#Repair Parts for Antennas (For Towers) or For Towers
- *#Customer Service Request Professional Service

Base Stations, repeaters and consoles are included in this contract.
This contract is not intended to be used to purchase an entire radio communication system.

Vendor must provide a catalog and price list at no charge to state agencies, upon request. Vendor must also keep the agencies apprised of any changes to the catalog and price list.

Vendor to provide service manuals to ordering agencies as follows:

- One manual per each (8) mobile or portables shipped to agency.
- One manual per each base station shipped to agency.

Vendor should also provide information detailing the type and availability in the maintenance and servicing of the radio equipment.

Assignment of Contract:

To assign, sublet or transfer any contract resulting from this solicitation, the vendor's written request must be approved by the State Purchasing Director.

Delivery:

Items are to be delivered to various locations throughout the 67 counties in Alabama. The exact locations and quantities will be provided by the ordering agency.

Freight:

Bid is F.O.B. Destination. Any freight charges must be included in the bid prices.

Contract Period:

Establish a 12 month contract with an option to extend for a second, third, fourth and fifth 12 month period with the same pricing, terms and conditions. The second, third, fourth, or fifth 12 month period, if agreed by both parties, would begin the day after the first, second, third, or fourth 12 month period expires. Any successive extension must have written approval of both the state and vendor no later than 30 days prior to expiration of the previous 12 month period.

Non-Appropriation of Funds:

Continuation of any agreement between the state and a bidder beyond a fiscal year is contingent upon continued legislation appropriation of funds for the purpose of this bid and any resulting agreement. Non-availability of funds at any time shall cause any agreement to become void and unenforceable and no liquidated damages shall accrue to the state as a result. The state will not incur liability beyond the payment of accrued agreement payment.

Proration:

Any provision of a contract resulting from this bid to the contrary notwithstanding, in the event of failure of the state to make payment hereunder as a result of partial unavailability, at the time such payment is due, of such sufficient revenues of the state to make such payment (proration of appropriated funds for the state having been declared by the governor pursuant to Section 41-4-90 of the code of Alabama 1975), the contractor shall have the option, in addition to the other remedies of the contract, of renegotiating the contract (extending or changing payment terms or amounts) or terminating the contract.

New Equipment:

All equipment must be new, unused, and currently in production. It must be acceptable by the original equipment manufacturer for their maintenance.

Equipment Warranty:

Equipment shall be warranted for a minimum of twelve (12) months. Warranty shall cover all parts, labor and freight cost associated with repairs and/or replacement of defective equipment. Accidents, misuse and negligence are not covered by this warranty. The warranty shall commence on the date the equipment is put into service by the using agency. Vendor will use whatever means required to facilitate this warranty, and will insure total satisfactory performance to the using agency.

T3004020006	Document Phase Final	Document Description Two-Way Radio Equipment, Parts, Accessories, T300	Page 9 of 9
-------------	--------------------------------	--	-----------------------

Price Decreases:

The State Division of Purchasing contract administrator (buyer) shall be notified immediately regarding any manufacturer's price decrease affecting a contract item. Furthermore, the state shall receive the benefit of the decrease as soon as possible in accordance with the written notification from the contract vendor.

Quantity:

The exact quantity of purchases on this inquiry is not known. The State Division of Purchasing does not guarantee that the state will buy any amount. Orders will be placed by departments as needed and will give complete shipping instructions.

Biddable Situation:

Bids may be solicited for any product included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Director as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Promotional offerings consisting of contract items will be considered and are offered at a reduced price for the promotional period. A promotional offering of items not on contract will be considered if the price is equal to or less than the sum of the contract prices. The state will not file for rebates; the vendor must offer and bill at the net discounted price of the applicable offering. Volume discounts will be allowed with the provision that any purchasing entity that purchases the equivalent volume be offered the same rate of discount.
