Purpose:

Establish a contract from the items listed for all state agencies. Contract prices are available to all local governmental agencies and schools.

Contract period:

Establish a 12 month contract with an option to extend for a second, third, fourth, and fifth 12 month period with the same pricing, terms and conditions. The second, third, fourth, or fifth 12 month period, if agreed by both parties, would begin the day after the first, second, third, or fourth 12 month period expires. Any successive extension must have written approval of both the state and vendor no later than 30 days prior to expiration of the previous 12 month period.

Delivery:

Items are to be delivered to various locations throughout the State of Alabama. The exact locations and quantities will be provided by the ordering agency. Deliveries must be made within seven (7) calendar days after receipt of order.

Biddable Situation:

Bids may be solicited for any product included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Director as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Volume Discounts:

Volume Discounts are allowed with the provision that any purchasing entity that purchases the equivalent volume be offered the same discount. The State will not file for rebates; the vendor must offer and bill the net discounted price for any applicable offerings.
